Tunney Looks Promising-Jack Johnson to Return

Of the three promising young heavyweight boxers of the A. E. F. Good Field Two Lengths; Gene Tunney, the protégé of Billy Roche, seems to be the only one left. Only Two Choices Win Bob Martin was trimmed by a comparatively unknown ex-sergeant. Young Bob Fitzsimmons showed the other night that it may be for years

Of course, Tunney has not yet fought any hard hattles and is still only a possibility. He has disposed of the trial horses in a cool and would do against a really tough and experienced battler remains to be admits with a touch of anguish in h een. On Monday night at the Newark Sportsmen's Club he will tackle voice that there are some seats yet Al Roberts, who was the hope and pride of Staten Island until he was unsold toppled by Al Reich, the diving Adonis. This again will mean nothing

It might be a good idea to start a tournament for the heavies of the A. E. F. There would be Tunney, Martin, Fitzsimmons and this rambunctious sergeant by the name of Smith, who threw up at least a strong temporary barrier between Bob Martin and a whole lot of championship aspirations. Fitzsimmons and Tunney would make a match that would draw. It might as well happen in the near future. These two lads can not forever go about picking the soft spots.

Johnson Coming Back

Jack Johnson, who smudged up the pugilistic game to a considerable extent, has declared that he will return to the United States and face less around an antagonist trial on the charge which has made him a fugitive from justice all these years. It was a certainty that Johnson would return sooner or later, for he was the most homesick Senegambian that ever left the United States.

Johnson is a product of the worst that is in the prizefighting game. Unquestionably he was one of the cleverest of the heavyweights. The adulation of silly white hangers-on in the pugilistic game made him what and the talk of the ring parasites turned his head. He became a sort of Frankenstein of the ring and he came close to having prizefighting abol-

It was because of Johnson that the Federal law against the exhibition creased. of moving pictures of boxing was passed. The pictures of the JeffriesJohnson bout started so many race riots throughout the country that they been staged. The Lewis-Johnson bout started so many race riots throughout the country that they had to be suppressed. Johnson also is responsible for the quest for a and the "white hope to bring back the championship to the white race." quest finally ended with the discovery of Jess Willard.

The Wandering Senegambian

Of course, Johnson's return to the United States does not mean that he is ever to enter the ring again. He was grossly out of condition when he dropped before Jess Willard at Havana. Even if he were in condition Dempsey would be more than his master if he fought him, for the Dempsey person has a punch that is as formidable as the wallop of the late

Johnson gained no prestige in wanderings. He was a resident of a place of honor and a chance for glory and vindication in the French in army. As soon as the negro became aware of the chance that was in (Man-business of bull fighting. He felt that being a matador was much safer r there is in the pugilistic mind to the profession of soldiering.

From Spain Johnson went to Havana, where he declared that the bout with Willard was a fake and that he quit to the white hope for a consideration. This did not please the Cubans, and the Wandering Senegambian set out for Mexico. I do not know whether or not some of the various chiefs have offered him a job in the army, but for some reason or other Johnson has decided that he does not like the climate

Leonard and Dundee

The homeless Leonard-Dundee bout will be fought at the Arena A. A. on February 9. On that evening, according to Benny Leonard, with minous calm, "It will be decided so decisively that even Dundee's Italian

In Oakwood Event and then again he might not. In the mean time Benny is contemplating Benny is busy with a bunch of moving pictures, and they tell me that champion, the lightweight champion would sooner box than act.

What Welsh can do after his long absence from the ring remains to be seen, but he has earned the right to a loser's end if nothing else.
